Overview

This document shows the mechanism of using CITES services by users of the system, in terms of adding the data, to be shared with the ministry staff.

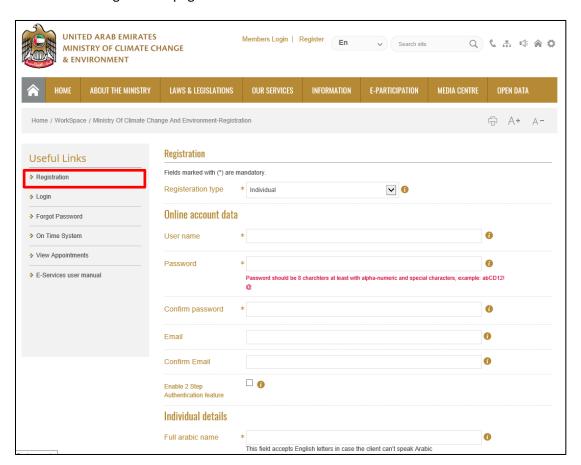

Details

Account registration and login

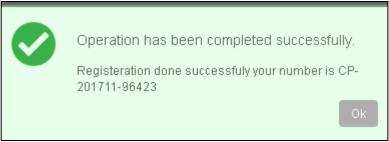

Before using any service, the user has to register in order to obtain username and password:

- 1. Go to the following URL: https://eservices.moccae.gov.ae/
- 2. Go to the Registration page

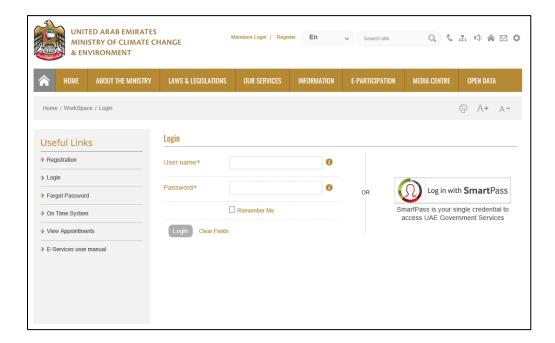

- 3. Fill out the registration information and click on the (submit) button
- 4. The user will receive a pop up confirming his/her registration is successful, in addition to receiving an activation code on his/her mobile number.

5. Go to the login page, write the username and password

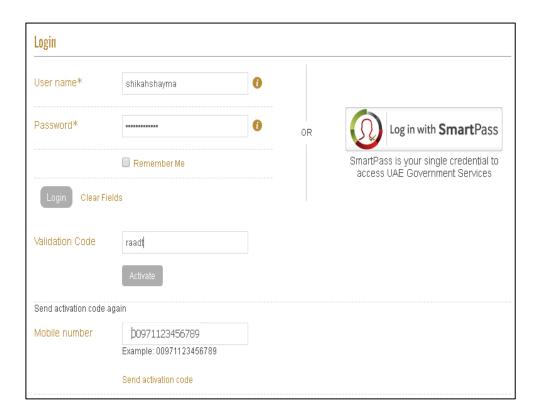

6. The system will inform the user that he/she has to activate the account

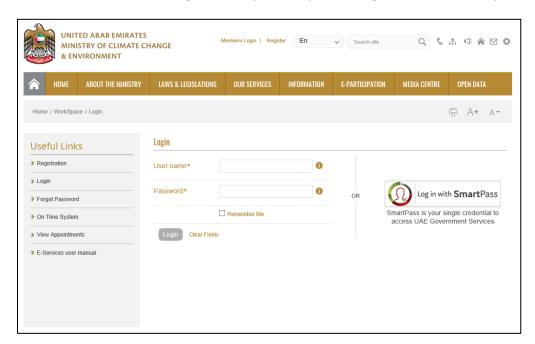

7. The user has to enter the validation\activation code and click on activate.

8. Then the user can login normally to the system using the username and password

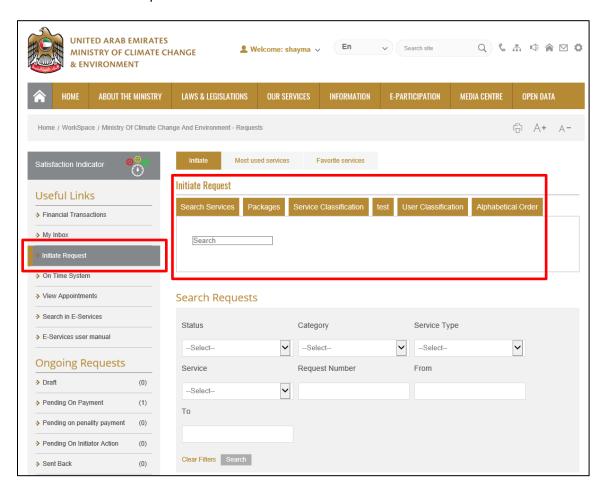

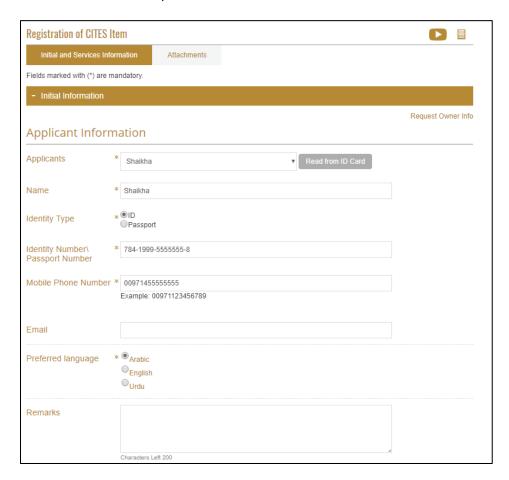

Registration of CITES Item

1. Go Initiate Request and then search for the service name

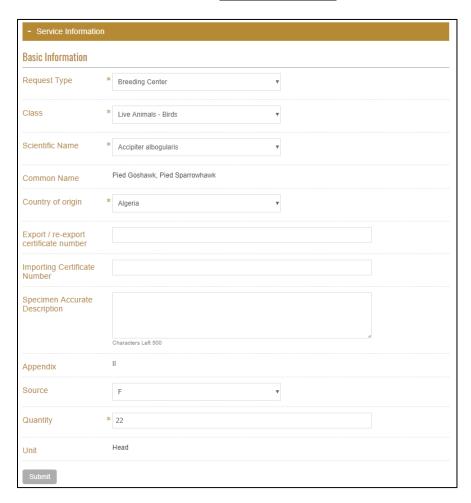

2. The User fills the required initial information in case it was the first time he/she uses the service. Or selects the applicants and the information appears automatically if it was not the first time he/she uses the service.

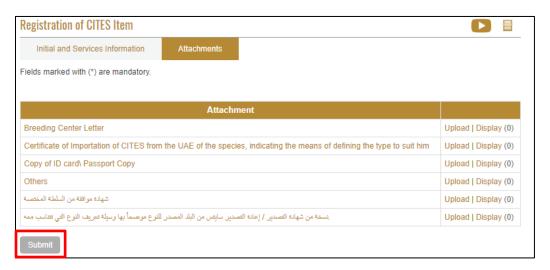

3. Fill out the information under the Service Information tab

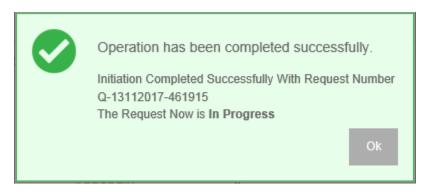

4. Upload Attachments and click submit

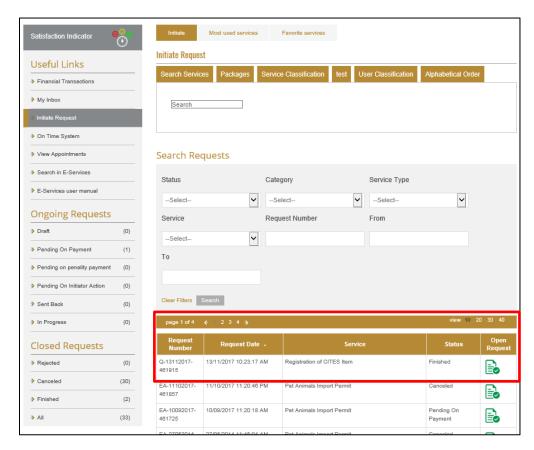

5. When the pop up appears to confirm that the user submitted the request successfully including the request number. The request is now in progress and pending on the approval of the ministry employee.

6. After the request is approved by the employee, the user can view the Certificate opening the request from the workspace.

7. select "CITIES Item Ownership/ Registration Certificate"

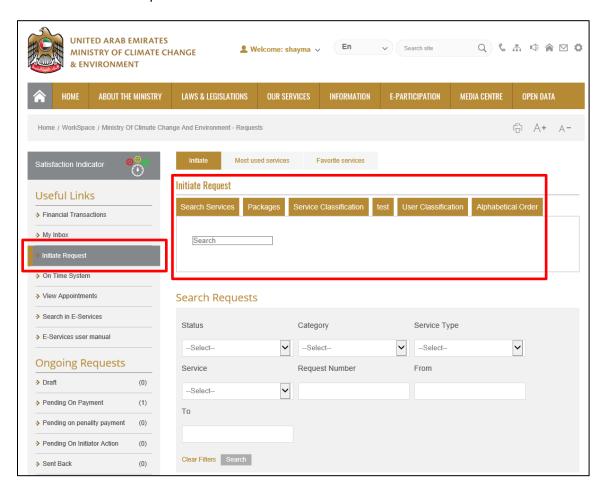

8. CITIES Item Ownership/ Registration Certificate can be saved as Excel / PDF/ Word

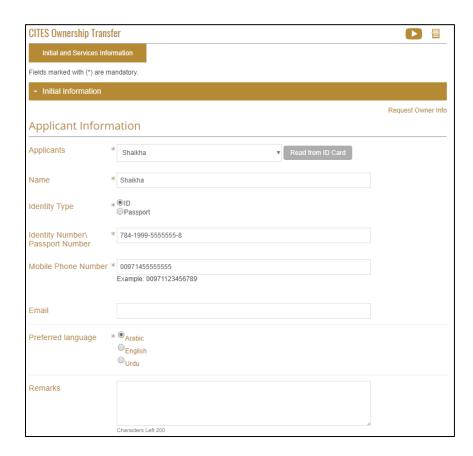

CITES Ownership Transfer

1. Go Initiate Request and then search for the service name

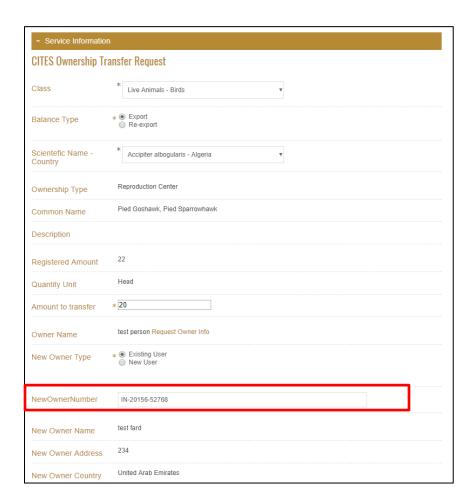

2. The User fills the required initial information in case it was the first time he/she uses the service. Or selects the applicants and the information appears automatically if it was not the first time he/she uses the service.

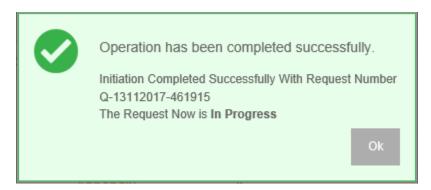

3. Fill out the information under the <u>Service Information</u> tab
When the User enters new Owners number the Individuals information will appear automatically then click submit.

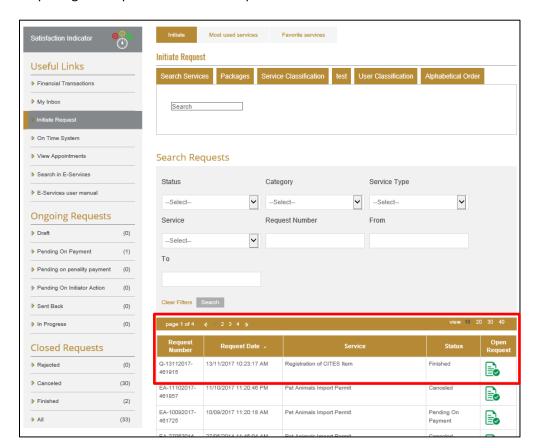

4. When the pop up appears to confirm that the user submitted the request successfully including the request number. The request is now in progress and pending on the approval of the ministry employee.

5. After the request is approved by the employee, the user can view the Certificate opening the request from the workspace.

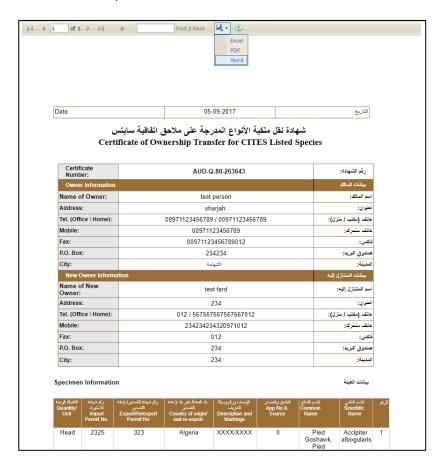

6. select "CITIES Item Ownership/ Registration Certificate"

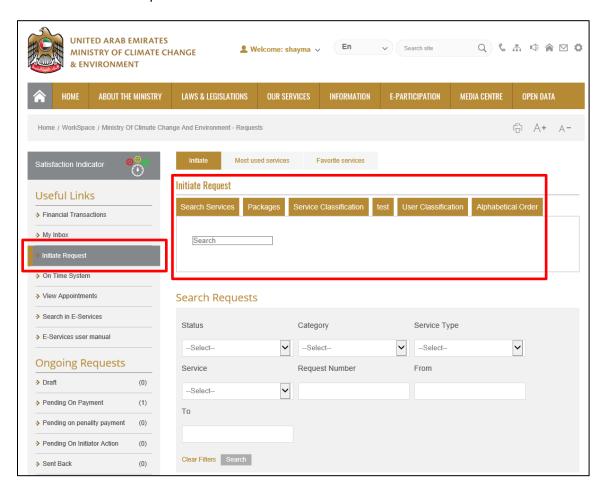

7. Certificate of Ownership Transfer for CITES can be saved as Excel / PDF/ Word

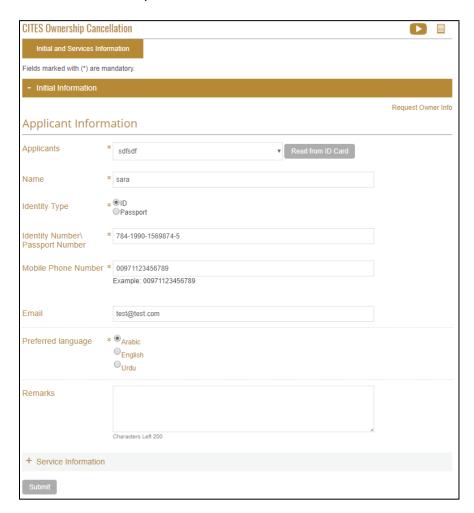

CITES Ownership Cancellation

1. Go Initiate Request and then search for the service name

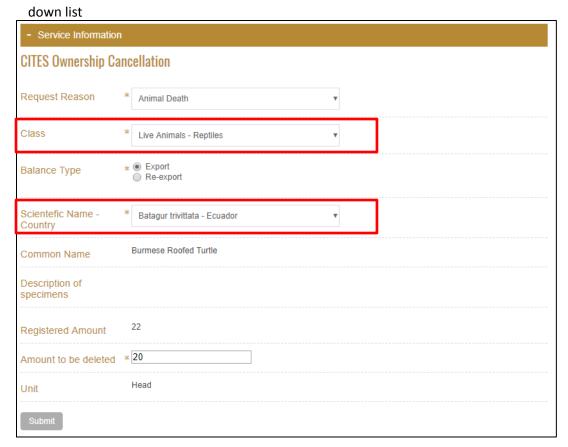

2. The User fills the required initial information in case it was the first time he/she uses the service. Or selects the applicants and the information appears automatically if it was not the first time he/she uses the service.

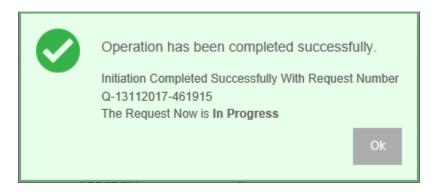

Fill out the information under the <u>Service Information</u> tab and select the class
 After selecting the class the animals registered under the class will appear in the drop

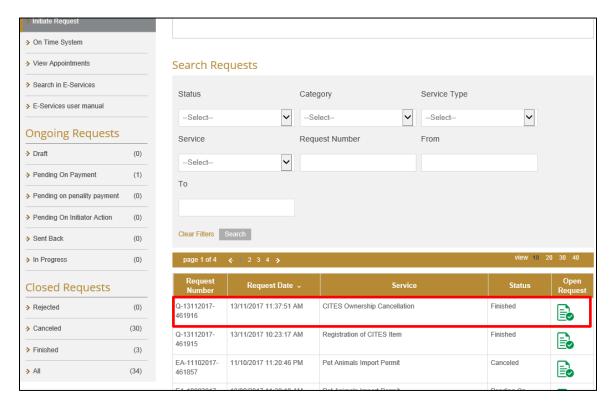

4. When the pop up appears to confirm that the user submitted the request successfully including the request number. The request is now in progress and pending on the approval of the ministry employee.

5. After the request is approved by the employee, the user can view the Certificate opening the request from the workspace.

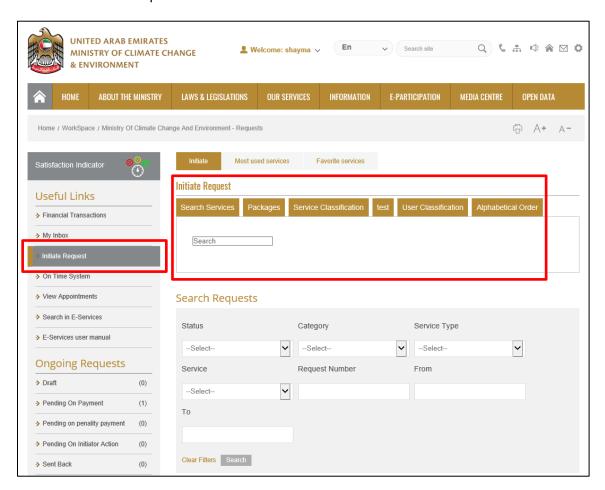

6. select "CITIES Item Cancellation Certificate"

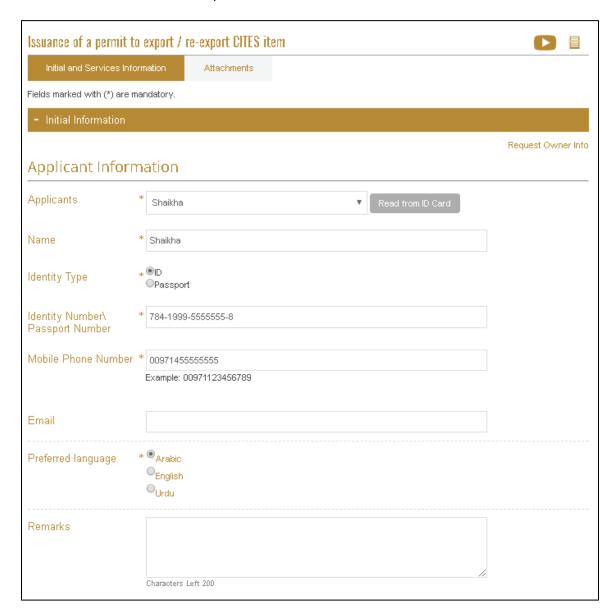

Apply for issuance of permit / re-export CITIES item

1. Go Initiate Request and then search for the service name

2. The User fills the required initial information in case it was the first time he/she uses the service. Or selects the applicants and the information appears automatically if it was not the first time he/she uses the service.

3. Fill out the information under the $\underline{\text{Service Information}}$ tab
