BHUTAN CONSTRUCTION AND TRANSPORT AUTHORITY

**Bhutan Construction and Transport Authority**

**General Instructions:**

1. Read the **Directions** carefully
2. Answer **all** the questions within the **given time**.
3. Choose the right answer from multiple options given (**Use tick ✓ mark**)

**1. What does the broken line (road marking) on roads indicate?**

- a. Overtaking not allowed
- b. **Overtaking permitted when safe**
- c. Overtaking safe
- d. Maintain vehicle speed

**2. What should the driver do when approaching a roundabout?**

- a. Slow down the speed to overtake other vehicle
- b. **Slow down the speed and give indicator where you want to go**
- c. Slow down the speed to see any pedestrian crossing
- d. Slow down the speed to give right of way to heavy vehicle

**3. When does a driver use low beam headlights?**

- a. While Driving in heavy traffic
- b. **While Driving in towns and behind the moving vehicle**
- c. While Driving on double lane road
- d. While driving on single lane road

**4. What is the purpose of left indicator?**

- a. **To indicate turning left**
- b. To allow pedestrian to cross the road
- c. To slow down the vehicle
- d. To allow vehicle in front to pass

**5. What is the function of coolant?**

- a. To maintain the vehicle speed
- b. **To maintain the engine temperature**
- c. To maintain the radiator temperature
- d. To maintain the oil flow

**6. Un-even tyre wear is caused by:**

- a. Over speeding of vehicle
- b. Over loading of vehicle
- c. Mechanical parts affecting alignment and defective suspension
- d. Overheating the tyre or using tyres under extreme cold temperature

**7. What do this sign mean?**

- a. Bridge height – 30 M
- b. Speed Limit - 30 km/h
- c. Load limit - 30 MT
- d. Taxi fare – Nu:30/km

**8. What do this sign mean?**

- a. Slippery road
- b. Loose gravel
- c. Staggered
- d. Rough road

**9. You get dazzled by the lights of an oncoming car at night, do you?**

- a. Switch your main beams back on
- b. Slow down, stop if necessary.
- c. Put on your sunglasses

**10. You may stop on a yellow box junction ( Free zone area)**

- a. Never
- b. Only if turning right, your exit is clear and your way is blocked by oncoming traffic
- c. If the car in front does

**11. How can you judge you are driving at a safe distance behind the car in front? (On a dry road)?**

- a. Check your speedometer frequently
- b. Use the 2 second rule
- c. Keep 5 car length back

**12. Approaching a roundabout, which vehicles have priority?**

- a. Vehicles already on the roundabout
- b. Vehicles approaching from the left
- c. Vehicles coming from the major road

শ.বি.ହେନ.ପାର୍ଶ.କଣ୍ଟର୍ମ୍ସିଟ୍ସ.ଦକ୍ଷିଣାତ୍ମିକ.ଭାରତୀୟା

BHUTAN CONSTRUCTION AND TRANSPORT AUTHORITY

**13. A major causes of road crashes are occurred due to:**

- a. Using re-soled tyres
- b. Fare over-charging
- c. Using old vehicle
- d. Over speeding and not following traffic rules

**14. We can prevent motor vehicle accidents by:**

- a. Always being alert on road while driving
- b. Not carrying excess load and passenger
- c. Following road and traffic rules
- d. Maintaining your vehicle in good condition
- e. All of the above

**15. What do this sign mean?**

- a. Bridge height – 30 M
- b. Speed Limit - 30 km/h
- c. Load limit - 30 MT
- d. Taxi fare – Nu:30/km

**16. Below diagram shows Vehicle “A” and “B” has approached at a cross junction at the same time, which vehicle will get right- off-way for movement?**

- a. A
- b. B

Ministry of Infrastructure and Transport

BHUTAN CONSTRUCTION AND TRANSPORT AUTHORITY

17. What do this single transverse line sign mean just before pedestrian crossing line?

- a. Give way to pedestrians
- b. Pedestrian crossing not allowed
- c. Narrow bridge ahead
- d. Slow down/ Stop

18. Two vehicle “A” and “B” has approached road T-Junction at the same time and wished to enter into the same T-junction road, which vehicle will go first and gets the right-of-way:

- a. Whoever gets in front first should go first
- b. The vehicle “A” turning right should go first
- c. The vehicle “B” turning left should go first
- d. Vehicle turning left should give way to the other vehicle who is on his right

19. What does continuous sold line road marking indicate on road?

- a. Over taking Not permitted
- b. Give way
- c. Two way Traffic
- d. None of the above

**20. Which of the following statement is correct?**

- a. Re-sold tyres may not be used under any circumstances
- b. Re-sold tyres can only be used if you are driving in town areas.
- c. There are no restrictions on the use of re-soled tyres.
- d. **Re-soled tyres can only be used on the rear wheels**

**21. Speed limit for two wheelers and light vehicle as per RST Regulations 2021:**

- a. 65 K/hr
- b. 60 K/hr
- c. **50 K/hr**
- d. 55 K/hr

**22. When approaching a roundabout, if you intend to go straight through**

- a. You must flash your head lights to show you're going straight
- b. You must flash your left side indicator
- c. You must flash your right side indicator
- d. **You may flash your head lights either you don't have to**

**23. When coming out from the side of the road after being stopped, you should:**

- a. Start moving slowly but stop if someone blows their horn at you.
- b. Start moving slowly making sure to keep left until it's safe to merge.
- c. Indicate right for one second and then move out.
- d. **Give right of way to ongoing vehicle and pedestrian, look for a gap and move out when it is safe**

**24. Which of the following is the correct offence and fine amount?**

- a. Drink driving - Nu 500.
- b. Exceeding weight limit - Nu 650
- c. Failing to give signal Nu 11750.
- d. Failing to obey traffic instructions Nu 200.
- e. **Unlicensed driving – Nu 1750**

**25. You may sound your horn:**

- a. To disperse pedestrians.
- b. In a public procession.
- c. **To prevent an accident.**
- d. In a traffic jam

**26. Which is not the main part of a vehicle?**

- a. Chassis
- b. Engine
- c. FIP/ECU
- d. Transmission
- e. Rear Axle

**27. What do this sign mean?**

Stop

- a. **No standing**
- b. Make “U” slowly.
- c. Make U-turns if there is no other traffic

**28. Excessive emission is cause by:**

- a. Driving in neutral gear.
- b. **Choke air element.**
- c. When engine gets heated up.
- d. Diving at very high speed.

**29. What do this sign mean?**

- a. No entry
- b. **Narrow road ahead**
- c. Give way
- d. Narrow bridge ahead

**30. Brake lights:**

- a. You must have both right and left brake lights in working order at the time of fitness inspection only
- b. You must have at least one brake light working at all times.
- c. It's OK if the brake lights are not working
- d. You must have both right and left brake lights in working order at all times**

31. At the T-junction shown in the below diagram vehicle “A” and “B” has approached at the same time, which vehicle have the right of way to move first?

- a. A
- b. B

32. Right side indicator can be used before:

- a. Turning left
- b. Entering parking lot
- c. **Changing lane**
- d. before overtaking the vehicles in front

33. A person is liable for fine as per the RST Regulations 2021, if level of alcohol in their blood exceeds:

- a. 150mg/200 BAC
- b. 100mg/100BAC
- c. **80mg/100BAC**
- d. 200mg/300 BAC

34. What do this sign mean?

- a. **No entry**
- b. No entry but permitted to go permission
- c. Give way
- d. No standing

35. Why it is important of adhering to road traffic signs and signals?

- a. it is to frighten the road users
- b. to provide information to road users
- c. **Regulate smooth traffic flow, to prevent road crashes**
- d. It is not necessary to follow all the signals

শ.বি.ই.ৰ.ম.স.ক.স.দ.স.জ.ৰ.ৰ.ম.স.॥

**36. Why do you think road marking are important on road?**

- a. It is not important to have road marking on road
- b. It is important to decorate road
- c. It is important because it provides information to drivers and road users, and it represent rules that are in place
- d. It is important for

**37. How many types of road markings are there?**

- a. There are three types
- b. There are four types
- c. There are nine types
- d. There are two types

**38. The shape of Mandatory traffic sign is found in:**

- a. Triangle ins shape
- b. Circular in shape
- c. Square in shape
- d. Rectangle in shape

**39. The shape of Cautionary traffic sign is found in:**

- a. Triangle ins shape
- b. Circular in shape
- c. Square in shape
- d. Rectangle in shape

**40. The shape of Informatory traffic sign is found in:**

- a. Triangle ins shape
- b. Circular in shape
- c. Square in shape
- d. Rectangle in shape

**41. The functions of head light, high and low beam are used while driving on:**

- a. feeder road only
- b. open highways with high beam and low beam in built up area
- c. National highways only
- d. built up area only

**42. The purpose of speed breaker is to:**

- a. Inform driver of approaching residential area
- b. alert driver of pedestrian crossing
- c. Drive at 60k/hr
- d. reduce/control the speeding vehicle on road

43. In the diagram below both the vehicles are entering the roundabout on same time, which vehicle must give way?

- a. A
- b. B

44. In ONE-WAY Traffic (same direction) as shown in the diagram below, which is the speeding lane?

- a. A
- b. B

45. When changing lanes, follow these steps:

- a. Observe road marking then change lanes
- b. Change the lanes when road are clear
- c. Check side mirrors, turn on indicator lights then change lanes
- d. Honk and change the lanes

46. What do the given cautionary sign indicate?

- a. School ahead
- b. Zebra/Pedestrian Crossing
- c. Walking not allowed
- d. Pedestrian crossing for boys

47. The three types of parking are:

- a. Circular, triangle, square
- b. Angle, Parallel, 90 degree/ Block
- c. Trapezium, hollow, cube
- d. Box, diamond, triangle

**48. The function of coolant in engine is to maintain:**

- a. Control system
- b. **engine temperature, prevent from rust and freezing**
- c. Lubrication system
- d. Braking system

**49. The dashboard indicator light is important because it provides information on:**

- a. Inadequate lubrication system
- b. **Vehicle system failure and requirement of maintenance attention**
- c. In effective on cooling system
- d. Short-circuit on electrical system

**50. What should the driver do when approaching the pedestrian crossing?**

- a. **Slow down or stop, give way to the pedestrian first**
- b. Don't slow down your speeding vehicle
- c. Park your car on the pedestrian crossing

**51. Hazard Warning light is used for:**

- a. Parking in the middle of the road
- b. Park and talk to friends
- c. **Emergency, foggy, snowy , road block and narrow road**
- d. In hospital area

**52. The purpose of air filters in the vehicle is to:**

- a. protect from rust
- b. **clean the dust particles from the air**
- c. pump more air in the engine
- d. assist cooling system

**53. Road Worthiness Test is conducted for light vehicle (private) on:**

- a. quarterly
- b. Monthly
- c. **annually**
- d. Weekly

**54. What should the driver do when approaching a round about?**

- a. Drive straight without looking at other traffic
- b. Slow down, indicate, give way to vehicle inside roundabout and coming from right side at the same time
- c. Slow down, flash head light and drive where you intend to go
- d. Slow down or stop only if you pedestrian at roundabout

**55. When stopping your vehicle what control do you use first**

- a. Clutch and brake simultaneously
- b. Clutch first, then brake
- c. Brake first, then clutch

**56. How can you judge you are driving at a safe distance behind the car in front (On a dry road)?**

- a. Check your speedometer frequently
- b. Use the 3 Second Rule
- c. Keep 5 car lengths back

**57. At a stop sign must you always stop?**

- a. Always, Yes
- b. Not if you can see and nobody is there
- c. You Yield

**58. How would you recognize a zebra crossing?**

- a. Flashing beacons
- b. Traffic signs and markings on road
- c. Stop sign

**59. When stopping your vehicle what control do you use first**

- d. Clutch and brake simultaneously
- e. Clutch first, then brake
- f. Brake first, then clutch

**60. Is a learner driver allowed to drive on highways?**

- a. On weekends
  - b. No, never
  - c. Yes, after three months with driving instructor inside

**61. What should a pedestrian do to claim priority at a pedestrian crossing (zebra crossing).**

- a. Put foot on crossing, look right, left and right again and when safe, cross
  - b. Walk out
  - c. Put foot on crossing and go

**62. Two cars are turning into the same road coming from opposite directions, which has priority?**

- a. One turning Right
  - b. The vehicle with 4 x 4 drive
  - c. One turning Left

**63. You see a Red reflector zed triangle upright in the road. It means:-**

- a. Vehicle broken down ahead. Slow down proceed with caution
  - b. Children playing
  - c. Nothing, probably dropped off a lorry

**64. What clearance should you normally give to parked vehicles?**

- a. As much as possible
  - b. 2 tyre widths
  - c. Park it when the car door is opened and doesn't touch other parked vehicle

**65. You are going to overtake the car in front. Do You, Firstly?**

- a. Blow your horn, flash your lights and move out briskly
  - b. **Check for oncoming traffic, check your rear view and side mirrors**
  - c. Indicate right, Increase speed

**66. When leaving your vehicle what precautions must you take?**

- a. Switch off the engine, apply the handbrake and engage a low gear (either 1st or reverse)
- b. Stop engine, put in neutral and apply the handbrake
- c. Switch off engine, ensure car does not impede traffic flow, park on the pavement if necessary

**67. You are approaching a sharp bend on a narrow road. Do You:-**

- a. Blow your horn, flash your lights
- b. Slow down, horn and keep well to the left
- c. Wait until the last moment, then brake sharply

**68. On a long journey, to keep alert, do you:**

- a. Put the radio/CD/Tape on full blast
- b. Have air circulation high (get plenty of fresh air), stop for short breaks if possible
- c. Drive as fast as possible, keep alert by watching for speed cameras/traps

**69. When can you drive on full headlamp beams in a built up area at night**

- a. Never
- b. In heavy rain
- c. When there is no oncoming traffic

**70. While you are driving, your hand held mobile rings, do you?**

- a. Answer it, use one hand to drive other to use the phone
- b. Answer it, rest it on your shoulder, keep both hands on the wheel
- c. Pull into a safe position then answer it

**71. What is the safest speed to drive at?**

- a. The speed limit
- b. At a speed that you can stop within the distance you can see to be clear
- c. Whatever speed the other traffic is driving at

**72. You wish to reverse:**

- a. Check carefully all around before and during the maneuver
- b. Reverse as quickly as possible
- c. Sound your horn at regular intervals

**73. When you see this sign, you must –**

- a. Stop and give way to all the traffic even if the intersection is clear.
- b. **Slow down and be prepared to stop and give way to all the traffic if there is any danger of collision.**
- c. Slow down and be prepared to give way to traffic on your right if there is any danger of a collision.
- d. The vehicle on your opposite side must give way to you.

**74. A driver behind you signals their intention to overtake your car. What should you do?**

- a. **Keep to the left and let the other vehicle overtake you.**
- b. Speed up so that the driver will not have to overtake you.
- c. Signal the driver to remain behind you if it is travelling too fast.
- d. Keep on the right and let the vehicle overtake you from the right.

**75. If your car breaks down on a highway or freeway, you should-**

- a. Move to the right-hand lane, so that you can be seen.
- b. Stay where you are and wait for a tow truck.
- c. **Move over to the left of the road.**
- d. Keep the vehicle where it is and put on some leaf on the vehicle.

**76. If a vehicle is involved in a crash and a person is injured, what is your first reaction?**

- a. Report the crash to Police within seven days.
- b. Only call the police if the accident also resulted in over \$500 worth of property damage.
- c. **First call 112, 111 then give every assistance to injured person**
- d. Collect evidence to help police.

**77. Are you allowed to drive after being found drunk with the blood alcohol level found beyond permissible by law?**

- a. Yes, if you can drive.
- b. Not at all times.
- c. **Yes, only if the driver under the influence is being replaced by a sober driver with valid driving license.**
- d. Yes, if there are no traffic police on the spot.

78. What is the maximum permissible speed limit in the built-up area as per RST Regulations 2021?

- a. 50 Km/hr
- b. 40 Km/hr
- c. 30 Km/hr
- d. 60 Km/hr

79. Which vehicle must give way in the diagram below?

- a. Vehicle O must give way only to vehicle R.
- b. Vehicle O must give way to vehicle P, Q and R.
- c. Vehicle P, Q and R must give way to Vehicle O
- d. Vehicle P must give way to other three vehicle.

80. If you hear the siren of an emergency vehicle, you must-

- a. Flash your headlight to warn other drivers.
- b. Increase your speed to avoid the vehicle.
- c. Take whatever action is necessary (with safety) to make way for the emergency vehicle.
- d. Stop and activate your hazard light.

81. Which of the following attitude is most likely to make you a safer driver?

- a. When I drive, I have the main responsibility for my safety and safety of the other road users.
- b. It is up to other drivers to avoid crashing into me.
- c. Crashing or not crashing is a matter of luck.
- d. Road safety is not a shared responsibility.
